

Flat Out 6 Month Guarantee

Once you try our MICHELIN® STABIL'X® XZM™ or MICHELIN® XZR™ radial tires, you'll never want to go back to solid tires. With MICHELIN® STABIL'X® XZM™ or MICHELIN® XZR™ tires, you'll get the durability and confidence of solids and the benefits of Michelin® radials — maximized productivity and an increased bottom line. And if you get a flat in the first six months, we'll pay for the repairs*.

The MICHELIN® STABIL'X® XZM™ or MICHELIN® XZR™ radial tire features steel casing and belts and an optimized tread to help provide the kind of exceptional protection and maximized uptime you expect from Michelin engineering. The MICHELIN® STABIL'X® XZM™ or MICHELIN® XZR™ tire offers durability, comfort, stability and machine and payload protection.

*See back page for details.

MICHELIN® STABIL'X® XZM™ MICHELIN® XZR™

The rugged pneumatic MICHELIN® radial tires are designed for forklift trucks and other industrial equipment used in heavy-duty applications.

- Fewer flat tires for maximized uptime
- Exceptional treadwear
- Excellent stability and operator confidence
- Outstanding machine and payload protection

6 Month Guarantee

*Offer applies to the purchase of the MICHELIN® STABIL'X® XZM™ or MICHELIN® XZR™ radial tires in rim sizes up to and including 15 inches. Tires to be replaced for the entire machine, no partial guarantee applies (i.e., all tires on machine must be replaced with MICHELIN® STABIL'X® XZM™ or MICHELIN® XZR™ radial tires at the same time). Must be original purchaser/owner of equipment for new equipment delivery or original purchaser of tires for replacement use. Date of delivery or proof of purchase is required. Offer applies for changeover to Michelin® tires or an equivalent bias tire sold by an Authorized Michelin® Dealer in corresponding size only. Michelin® will pay for repair of the tire and applicable service charges if a flat tire is incurred during normal operation (excludes intentional or negligent damage or acts of God) within six months of the date of purchase. Scrapyard applications are excluded from this offer. All Michelin® Limited Warranty exclusions still apply. See Authorized Michelin® Dealer and warranty for details. (Note: Current Michelin® Earthmover, Off-the-road, and Industrial Tire Limited Warranty, Order # MEE40022 dated 7/04.) All Guarantee changes must be verified through your local Michelin® Earthmover Sales Representative. MNA reserves the right to discontinue, modify and/or supplement all of the policies, terms, and/or allowances of this program effective July 21, 2010.

MICHELIN® Tubeless Bead Seal™ (TBS™):

To help ensure long tire life and improved uptime, the MICHELIN® STABIL'X® XZM™ or MICHELIN® XZR™ tires can be fitted with the Tubeless Bead Seal™ (TBS™) system. The MICHELIN® TBS™ system removes the need for a tube and virtually eliminates downtime caused by punctures or tears as well as all tube-related failures and rapid deflations. Thus, the MICHELIN® TBS™ system will help your equipment continue to run and minimize damage to your loads.

MICHELIN® Radial vs. Bias-Ply vs. Solid
