

# You'll Really Dig These Radials-

## We Guarantee It.

### Michelin® 30-Day Guarantee\*

We're so sure you'll prefer Michelin radial tires to bias-ply tires that we'll guarantee it. If you try any of our XHA™, XTLA™ and XGLA2™ tires for 30 days on your loader or grader and aren't completely satisfied, we'll replace them free of charge. We'll even pay your Authorized Michelin Dealer for the service and mounting costs.

### Radial vs. Bias? No Comparison

Michelin radial tires outperform bias-ply tires by offering:

- Increased tire life
- More resistance to damage
- Fewer flats
- More uptime
- Better fuel economy
- Less wear on equipment
- Improved operator comfort
- Improved productivity and lower costs
- Superior traction

Although Michelin radials may cost a fraction more up front, they actually save you money over the long haul. Bias tires require frequent replacements, cause unnecessary wear on equipment and reduce productivity by increasing downtime.

\* See back page for details.

The versatile Michelin® L3 radial tire designed for loaders, graders and other equipment used in construction, stockpile and truck-loading applications.

## XHA™

SIZE	TREAD DEPTH	
	32nds	MM
15.5R25	33	26
17.5R25	34	27
20.5R25	39	31
23.5R25	43	34
26.5R25	47	37
29.5R25	50	40

The Michelin® L2/G2 radial tire designed to provide exceptional traction and long, even treadwear on loaders and graders.

## XTLA™

SIZE	TREAD DEPTH	
	32nds	MM
15.5R25	33	26
17.5R25	35	28
20.5R25	39	31
23.5R25	43	34
550/65R25 (20.5R25)	42	33

The Michelin® L2/G2 radial tire designed with aggressive, non-directional tread to give graders maximum traction.

## XGLA2™

SIZE	TREAD DEPTH	
	32nds	MM
13.00R24	31	25
14.00R24	31	25
16.00R24	35	28

"Prior to 1999 we had used bias ply tires on our heavy equipment. However, the performance of the Michelin 20.5R25 XHA that came original equipment on one of our CAT 14G motor graders changed our mind. We use the 17.5R25 XTLA and 20.5R25 XTLA and XHA and have experienced a significant increase in hours and decrease in down time."

**Mike Laird**

Maintenance Superintendent  
L.H. Lacy Company

"For the last 5 years we have been switching our motor grader tires to the Michelin XGLA2 radial tires. The long life and flat reduction has saved us a lot of money over the life of the tire. In the future we plan to continue purchasing Michelin on our motor graders."

**Mike Stumpff**

Maintenance Manager  
O'Donnell and Sons Construction

### \*Program Guidelines:

Offer applies to the purchase of the following tires: XHA™, XTLA™ and XGLA2™. Replacement tires are based on total number of tires purchased. Must be original purchaser/owner of equipment for new delivery or original purchaser of tires for a replacement use. Date of delivery or proof of purchase is required. Offer applies for changeover to Michelin® tires or an equivalent bias tire sold by an Authorized Michelin Dealer in corresponding size only. Michelin will pay for changeover mounting via a credit to an Authorized Michelin Dealer only. No reimbursement or payment to non-Michelin Dealers or customers who mount tires or own tires. No replacement of tires due to damage caused by operation (intentional or negligent), theft, or acts of God. All Michelin® Limited Warranty exclusions still apply. See Authorized Michelin Dealer. (Note: Current Michelin® Earthmover, Off-The-Road, and Industrial Tire Limited Warranty, order #MEE40022 dated 6/97.) All guarantee changes must be verified through your local Michelin Earthmover Sales Representative. MNA reserves the right to discontinue, modify and/or supplement all of the policies, terms, and/or allowances of this program effective October 1, 2006 explained above at any time without prior notice.
