

3 ENVIRONMENT

➤➤➤ Greater longevity and retreadability

Fewer scrap tyres, less material needed.
Maximum tyre retreadability thanks to the robustness of the architecture and extreme reliability of the MICHELIN radial casing

➤➤➤ Tyre with no aromatic oils

➤➤➤ ISO 14001 certification

Tyres manufactured in our plants with ISO 14001 certification, the impact on the environment of which has decreased by over 35% since 2005

MORE ENVIRONMENTALLY FRIENDLY

The new MICHELIN® X-SUPER TERRAIN + tyre offers greater performance without increasing its weight.

OFFER

SIZES AVAILABLE	TREAD DEPTH	
	mm	32 rd inch
23.5 R 25 E4 TL** 185B	51	64
26.5 R 25 E4 TL** 193B	54	68
29.5 R 25 E4 TL** 200B	60	76

BENEFITS OF THE MICHELIN® RADIAL TECHNIQUE

- Longer tyre life
- Better traction on all types of surfaces
- Lower fuel consumption
- Improved comfort
- Increased resistance to punctures / flats
- Increased heat resistance

PROFITABILITY - SAFETY - ENVIRONMENT

MICHELIN® X-SUPER TERRAIN +

PROFITABILITY:

Greater resistance to damage
Greater casing longevity
Greater wear life

SAFETY:

Greater resistance to damage
Exceptional robustness of the casing

ENVIRONMENT:

Cleaner manufacturing process
Fewer raw materials consumed
Environmental design of the tyre

1 PROFITABILITY

➤➤➤ +15% longer tyre life on average (#)

Thanks to

REDUCTION OF THE HOURLY COST PRICE

➤➤➤ Greater resistance to crown aggression (#)

Thanks to

FEWER UNSCHEDULED STOPS IMPROVED RETREADABILITY AND REPAIRABILITY

➤➤➤ Excellent traction

• self-cleaning capability throughout the service life of the tyre

Thanks to

MOBILITY ASSURED IN ANY CONDITIONS

(#) versus the Michelin® X-SUPER TERRAIN TYRE

Technical evolution of the MICHELIN® X-SUPER TERRAIN + tyre

C² TECHNOLOGY CASING

Reduced heat build-up performance to push endurance to the limits

INFLATION PRESSURE +0,5 BAR (#)

OPTIMIZATION OF THE PROFILE (#)

Anti-aggression profile and protective bead

NEW RUBBER COMPOUND FOR THE TREAD (#)

TREAD PATTERN OF THE MICHELIN® TYRE X-SUPER TERRAIN

MICHELIN® TYRE X-SUPER TERRAIN +

Higher productivity in the most demanding uses

(#) versus the Michelin® X-SUPER TERRAIN TYRE

2 SAFETY

➤➤➤ Better protection of sidewalls

• Better distribution of mechanical stress and reduced impact of aggression

Thanks to

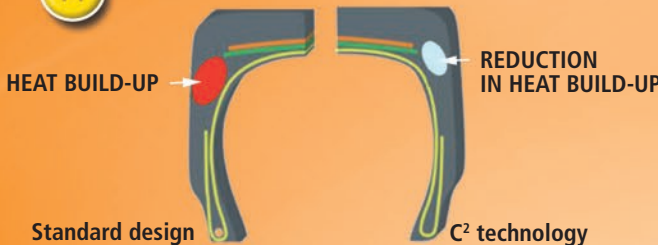

LESS DAMAGE, FEWER ACCIDENT-RELATED STOPS

➤➤➤ Incomparable endurance

• Reduced heat build-up when rolling

Thanks to

GREATER OVERALL ROBUSTNESS IN THE MOST GRUELING CONDITIONS
