

The ultimate front axle tyre for optimal performance in severe usage conditions

## Operating Cost Optimization

▶ Best Mileage\*

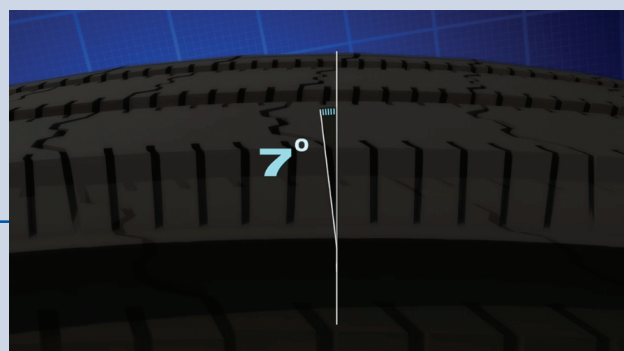

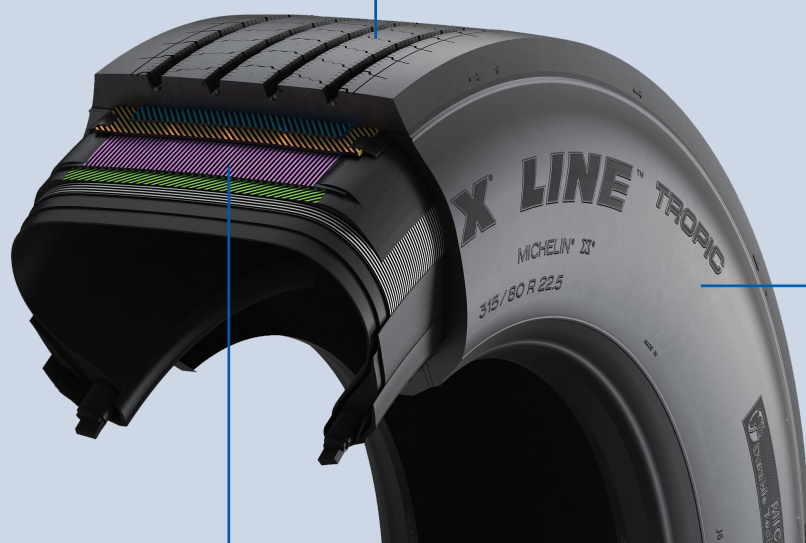

▶ Highest Retreadability\*

*\*When compared to Michelin's previous generation of products (315/80 R22.5)*

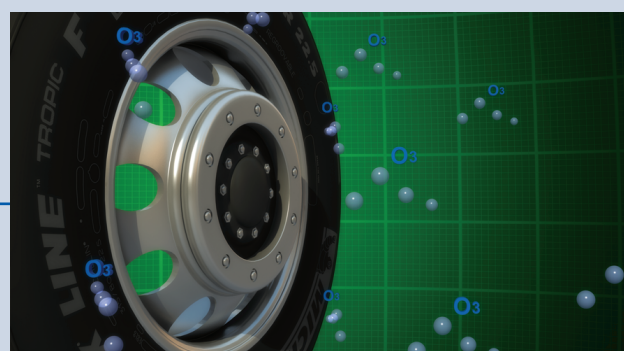

MOTORWAYS - ROADS

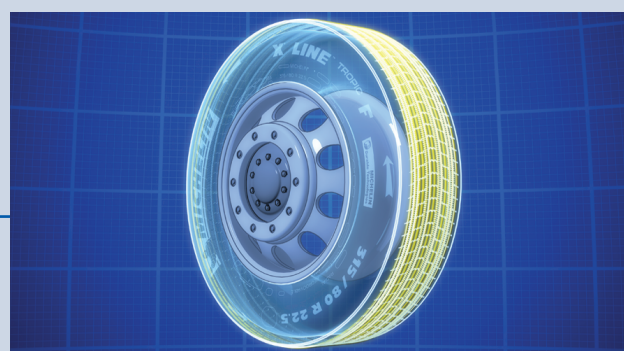

Directional Tread Design

Ozone Resistant Sidewall Compound

Patented FAZ Technology

## BEST MILEAGE\*

- ▶ More uniform footprint due to FAZ stabilizing effect
- ▶ Truly directional sculpture optimizes exit from contact patch area and reduces onset of irregular wear
- ▶ New slow wearing compound extends the kilometers per millimeter

## HIGHEST RETREADABILITY\*

- ▶ New Sidewall Compound protects against Ozone
- ▶ New Crown Design and optimized tread depth reduces operating temperature
- ▶ New FAZ technology reinforces and stabilizes the entire belt package

## MICHELIN technical truck tyre data:
