**FLEET MANAGEMENT. MASTERED.**

# ***A FLEET MANAGEMENT SUITE FOR A COMPETITIVE EDGE***

---

MICHELIN Connected Fleet services and solutions are designed to provide the **tools and information** operators and fleet managers need to easily manage day-to-day fleet and operations, as well as improve **and transform operational efficiency**.

Our fleet management offerings combine three inseparable elements to enable you to **make smarter decisions, faster** and help your business run **more efficiently**.

- ***CONNECTED FLEET TECHNOLOGY***
- ***DAILY FLEET MANAGEMENT TOOLS***
- ***INSIGHTS AND ACTION PLAN SERVICES***

More than a supplier, we work as a **true partner** offering smart, data-driven recommendations, so that you can **reduce costs, improve productivity, ensure the safety of your drivers** and **manage sustainable fleets**.

**OUR JOURNEY BEGINS WITH UNDERSTANDING AND IDENTIFYING YOUR CHALLENGES AND NEEDS**

## ***YOU ABOVE ALL***

**You are at the heart of everything we do.** As a Michelin company, **we are committed to understanding your specific needs** so that you have exactly what you need to grow your business and meet your unique challenges. With our services and solutions, **you get better visibility and increased efficiency for your fleet and operations.**

**LIVE MONITORING**  
Get full visibility on your fleet's ongoing operations and location in real time.

**DRIVING BEHAVIOUR**  
Reduce your fuel consumption and therefore costs, and increase safety by improving your drivers' performance with live alerts and proactive driving behaviour action plans.

**CARGO MAINTENANCE**  
Ensure safe, secure and compliant transit of your cargo with a range of solutions to meet your customers transport requirements.

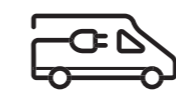

**INCIDENT MANAGEMENT**  
Operate safely and compliantly and act proactively to prevent incidents with visibility of your fleet's every move.

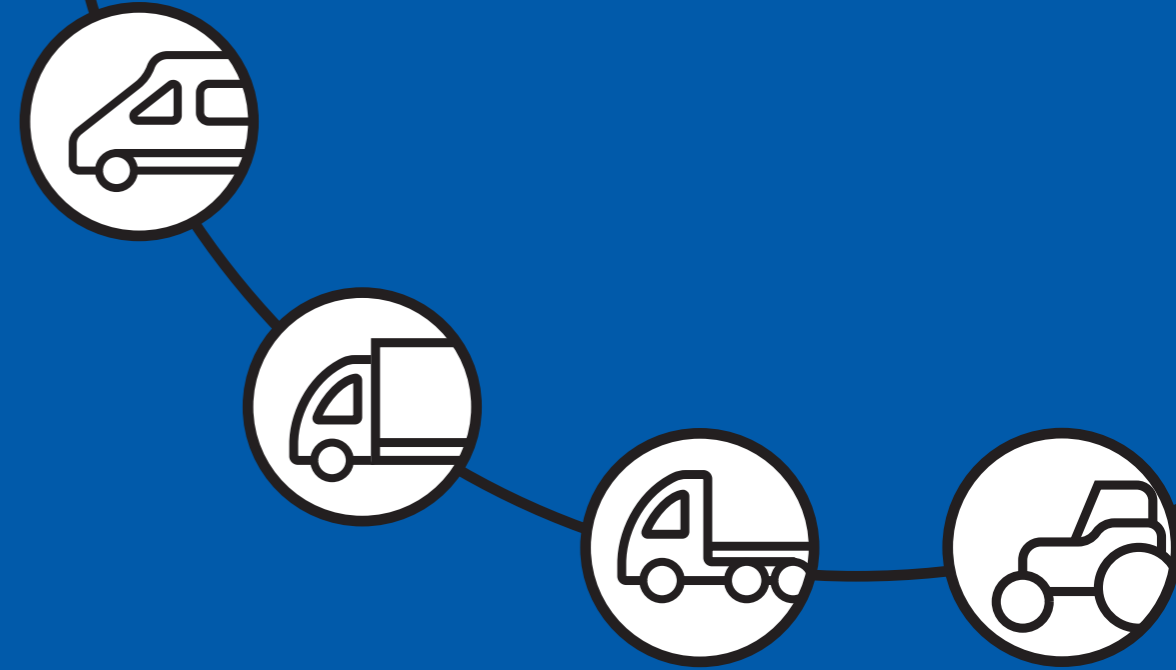

**VEHICLE MAINTENANCE**  
Reduce the amount of breakdowns and downtime, increase your driver's safety and manage costs with proactive and predictive maintenance across your fleet assets.

**JOB MANAGEMENT**  
Maximize the effectiveness of your fleet and operations through improved planning, optimised management of drivers and assets, and capacity to react to real time events.

**EV TRANSITION AND FLEET MANAGEMENT**  
Make informed, confident data-driven decisions to transition to electric vehicles and run with greater efficiency your EV fleet through monitoring and driver tools.

## ***SOLUTIONS ADAPTED TO YOUR OPERATIONS AND FLEET TYPE***

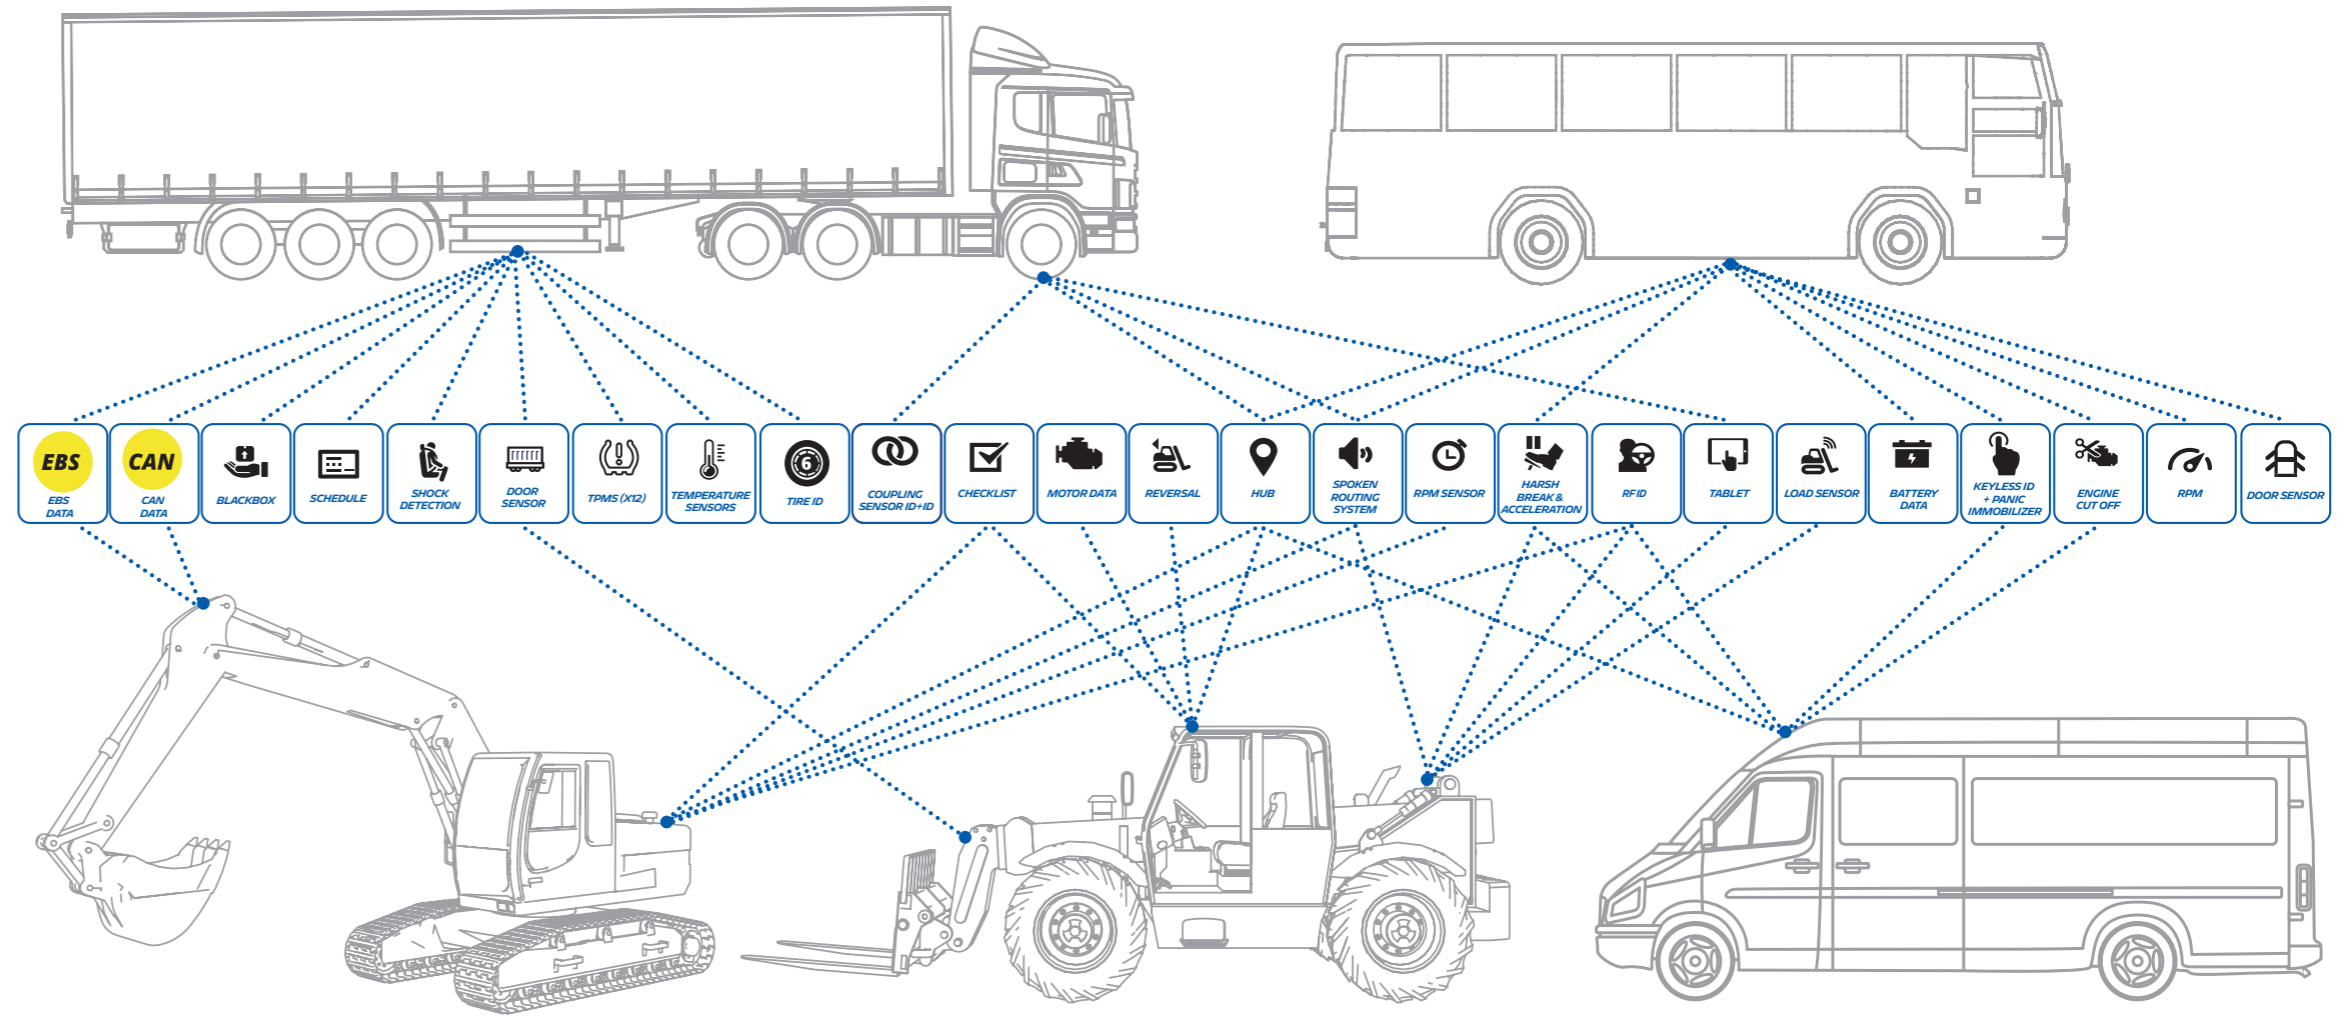

---

Our advanced fleet management solutions are aimed at companies for which the fleet is crucial to the functioning of the company and its operation. They are suitable **whatever your vehicle type** - such as commercial vehicles, electric vehicles, trucks, trailers or specialist vehicles - **and all types of industries** like transport and logistics, maintenance and repair services, home delivery, construction, waste management, or people transportation.

# EXPERTISE IN COLLECTING VITAL DATA

It is thanks to a **comprehensive range of advanced connected technology** installed in your vehicles that we obtain the mobility data of your fleet, and then convert it into concrete and effective actions for your company.

We have a **qualified network of certified installers** in 11 regions, with more than **450 expert installers** who install all systems and provide the appropriate training, ensuring their correct operation and use.

**EBS DATA**

- TRAILER ODOMETER
- TRAILER LOAD
- WHEEL'S SPEED
- ON/OFF & DIAG. ALERTS

**CAN DATA**

- ODOMETER
- RPM
- SPEED
- FUEL

***WE HELP YOU PROTECT YOUR PEOPLE  
AND YOUR BUSINESS***

---

## ***YOUR PARTNER IN TRANSFORMATION***

---

As the world continues to evolve, you need a partner who won't just help you navigate this ongoing change but find the advantage for your business, and accompany you through the transition.

Through our **fleet management platform and tools**, we empower the individuals running fleet and operations with data and insights, day in and day out.

With our monthly **Smart Report Services**, we help you monitor the performance of your fleet, so you can set new targets and identify new actions to take.

Through our regular visits, we help you **train and manage your drivers** for safer and more efficient driving.

This, so we ensure that your team always has the solutions they need to take on tomorrow.

**AT YOUR SIDE EVERY  
STEP OF THE WAY**

---

## ***WITH US, YOU WILL NEVER TRAVEL ALONE***

---

**Regular contact with customers** by our field teams and accessible customer service is one of the keys to our solutions. MICHELIN Connected Fleet has more than 50 customer service managers in Europe, present in 13 countries with services in 6 different languages. We offer a **personalised and responsive after-sales service**, with:

- A single point of contact from day one for simplicity
- An installation, commissioning and training management to minimise disruption to your operations
- Regular visits to review and discuss your performance and improvement plans
- A friendly customer service in your language
- On-site troubleshooting support
- An integration with your existing systems via API

**SERVING CUSTOMERS  
WHEREVER THEY ARE**

This global presence enables the Group to help customers wherever they need us. This path to sustainable mobility would not be the same without our customers. **And if we are proud of anything, it is being part of our customers' success.**

**EUROPEAN PRESENCE**

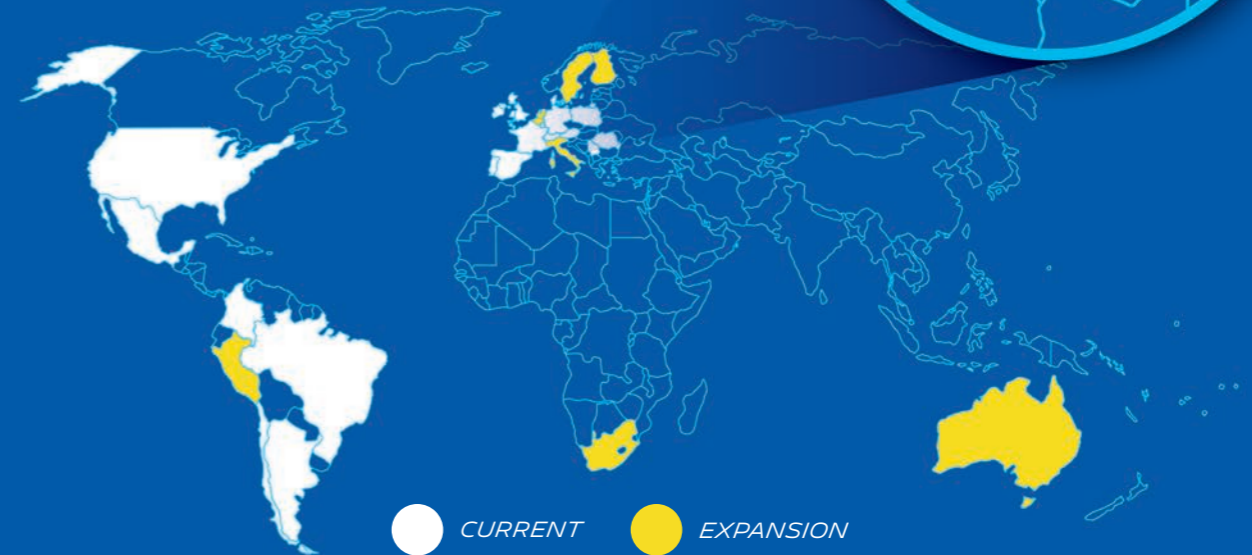

**250.000** VEHICLES

**10.000** CUSTOMERS

**GLOBAL PRESENCE**

**+ 600.000** VEHICLES

**70.000** CUSTOMERS

## ***A LEGACY OF LEADERSHIP***

### **At Michelin, strength and stability are part of our DNA.**

We have been the frontrunner in our field for over 130 years, and we will continue to spearhead the world of connected mobility for the next 130, too—thanks to our commitment to building deep relationships with our customers and our dedication to innovate for a better life in motion.

With our visionary history and unwavering reputation, you will feel confident knowing that you are working with a true sustainable mobility leader—**one who will contribute to making your business safe and successful, far into the future.**

At MICHELIN Connected Fleet, our fleet management solutions provide greater visibility into where your vehicles are—ensuring you have the right information to make important real-time decisions. Predictive insights let you prevent issues before they even start. Our offerings boost your fleet's productivity, reliability, enhance your brand's reputation, and give your business an advantage, every day.
