SAFETY IS A TEAM EFFORT

AVOID STANDING WATER
WATER REDUCES TRACTION AND WILL RESULT IN TIRE DAMAGE IF A HARMFUL OBJECT IS BELOW THE SURFACE.

WATCH CORNER SPEEDS
MOVING TOO FAST AROUND CORNERS LEADS TO LOSS OF CONTROL AND CONTRIBUTES TO ACCELERATED TIRE WEAR.

NO BERM SURFING
RIDING SAFETY BERMS WILL DAMAGE TIRES. IT’S ALSO EXTREMELY DANGEROUS.

AVOID ROCKS
ROCKS ARE ONE OF THE LEADING CAUSES OF TIRE DAMAGE AND REDUCED TRACTION.

SQUEEZE THE PEDALS
TO REDUCE TIRE WEAR, AVOID HARD ACCELERATION AND BRAKING.

CALL IT IN
NOTICE SOMETHING HAZARDOUS? MAKE THE CALL TO PREVENT IT FROM BECOMING AN ISSUE OR CAUSING AN ACCIDENT.
