MICHELIN

A better way forward

The L2/G2 Michelin® radial tire designed with aggressive, non-directional tread to give graders maximum traction.

■ Exceptional Performance:

- Excellent traction and flotation; outstanding stability; enhanced operator comfort; less vehicle damage

■ Excellent Productivity:

- Resistance to impacts and cuts means fewer flats

■ Low Operating Costs:

- Long-lasting, even-wearing tread pattern; durable with low rolling resistance for efficient fuel economy; easy to repair

Large Contact Patch for Better Handling

The Michelin® radial footprint reduces wheel slip.

Drastic Reduction in Flats

The Michelin® all-steel casing design reduces flats compared to traditional bias-ply tires.

Excellent Traction and Grip

The aggressive, non-directional tread design provides excellent traction, increasing power to the blade.
