

PREPARE YOUR TRUCK

- Check antifreeze
 - Check windshield washer fluid
 - Check cooling system
 - Make sure your tires are well-suited for the winter weather.
 - Double check tire pressure
- Keep lights and license plate clean, defrost windshield
 - Wash truck frequently to prevent the build-up of road salt
 - Practice mounting snow chains

PREPARE YOUR BODY

- Stay fit to withstand long hours behind the wheel
- Take frequent breaks to avoid fatigue

WHAT TO BRING

- Sand and a shovel
- Warm winter clothes
- Food and water
- Flashlight and high-visibility jacket
- Keep at least half a tank of gas at all times

ADJUST YOUR DRIVING

- Keep your distance from other vehicles
- Beware of black ice
- Slow down: speed limits are set for dry roads and good weather
- Drive smoothly: avoid sharp curves and sudden accelerations
