X® MULTI

SHORT AND LONG DISTANCE JOURNEYS ON ALL TYPES OF ROADS

IT'S MORE THAN A TYRE

IT'S THE CHOICE FOR COST CONTROL AND RELIABILITY THROUGH HIGH MILEAGE IN ALL WEATHER CONDITIONS

I CHOOSE MICHELIN
X® MULTI Z+ AS

Thanks to the new MICHELIN X® Multi Z+ AS

Master your costs

Drive performance and confidence through every climate challenge

385/65 R 22.5

ALL POSITIONS
MAINLY FOR STEER AXLE

AS ANTISPLASH

3PMSF (1)

MICHELIN REMIX AVAILABLE (2)

MICHELIN
X® Multi Z+ AS

MICHELIN

(1) 3PMSF: Tyre for use in severe snow conditions.
(2) Retreadable with MICHELIN REMIX

MICHELIN X® Multi Z+ AS

COST CONTROL

REDUCE YOUR OPERATING COSTS

Lower cost per mile

- **High mileage performance** at least at the same level as the previous MICHELIN X® Multi Z tyre.
- Wear until the last mm thanks to an **optimised tread pattern**.
- **Maximising casing mileage** potential through MICHELIN Powercoil and Duracoil technologies.

Suitable for all road surfaces

SAFETY & QUALITY

MAXIMISE YOUR VEHICLES'S RELIABILITY

- **Long-lasting grip** throughout the tyre's lifetime (new, worn and retread), thanks to MICHELIN Regenion technology in the tread whatever the road and weather conditions (3PMSF marking).
- **More visibility** on wet and snowy roads for truck drivers and for passing motorists enabled by MICHELIN Antisplash technology.
- MICHELIN Duracoil technology enables a reinforced zone between the tyre and the wheel, significantly enhancing the **robustness** of the connection.

MAXIMISE YOUR VEHICLES QUALITY IMAGE

- Thanks to its Antisplash feature, the **bold design** of the MICHELIN X® Multi Z+ AS enhances the truck's overall appearance and serves as a **visual signature** of the MICHELIN brand.

ECO-TRANSITION

REDUCE YOUR ENVIRONMENTAL FOOTPRINT

- Thanks to MICHELIN Opticoil technology, significant **mass savings. Raw material** use and **CO_2 emissions** are reduced during production—without compromising tyre performance and reliability.
- **Multi-life** ready thanks to retread with MICHELIN REMIX and regrooving.
- Thanks to MICHELIN Powercoil technology, **stronger steel cables** improve **oxidation resistance** and casing endurance — enhancing **retreadability**.
