### **What's covered and for how long?**

MICHELIN Passenger Car and Light Truck Tires, used in normal service and in accordance with the maintenance recommendations and safety warnings of the Michelin Company, are covered by a warranty against defects in design, workmanship and materials subject to the conditions set out below.

#### **a. Tires sold within three years of the manufacturing date**

Where the tires are sold within three years of the manufacturing date, the warranty shall be for the life of the original usable tread pattern or six years from the date of purchase, whichever comes first.

#### **b. Tires sold three years after the manufacturing date**

Where the tires are sold three years after the manufacturing date, the warranty shall be for the life of the original usable tread pattern or six years from the date of manufacture, whichever comes first.

At the end of the relevant periods stated in paragraphs a. and b. above, all warranties, express or implied are terminated.

The original usable tread pattern is the original pattern down to the level of the tread pattern wear indicators – 1.6mm of tread pattern remaining.

Date of purchase is documented by new vehicle registration (where the tires were fitted on a new vehicle) or original tire sales invoice. If there is no proof of purchase, the warranty will be based on the date of manufacture.
