**THE MAIN CHALLENGE IS ACHIEVING THE BEST POSSIBLE MOTORCYCLE BALANCE**

Mugello is undoubtedly one of the most complete circuits on the championship calendar. It brings together all the characteristics that can be found in MotoGP: a very long straight, extremely heavy braking zones, fast corners, tighter turns, as well as uphill and downhill sections. That is precisely what makes it so popular with both riders and fans. To perform well at Mugello, a rider must be highly versatile and able to

master every aspect of riding. The riders who excel here are generally those with the most complete riding style.

For the tires, the main challenge is achieving the best possible motorcycle balance. Stability is a key factor because the circuit features numerous direction changes, some of them taken at very high speed. The tires must deliver precise handling in order to keep the motorcycle perfectly stable throughout the lap.

Strong acceleration, severe braking and exceptionally high top speeds generate significant loads that require an optimal balance between the front and rear of the bike.

In addition, while the Mugello asphalt is not among the most aggressive surfaces on the calendar and does not generate the highest levels of grip, it remains essential to keep tire temperatures and wear under control. These parameters become even more important as performance levels continue to improve year after year. The tire solutions we are bringing this season have already proven their effectiveness during previous editions of the Italian Grand Prix. They allow us to approach this event with confidence and provide our partners with the best possible conditions to fully exploit the potential of their machines.

## 2026 TIRE REGULATIONS

ALLOCATION PER RACE:

**22**  
**POWER "SLICK"**

10 front slicks

up to 7 A specification

+ up to 7 B specification

12 rear slicks

7 A specification

+ 5 B specification

Riders who participate in both Q1 and Q2:

- ✓ 1 MICHELIN Front Power Slick (of the specification the riders prefer)
- ✓ 1 MICHELIN Rear Power Slick, spec A

**13**  
**POWER RAIN :**

6 front Power Rain of 2 specifications

7 rear Power Rain of 2 specifications

In the case that any 3 of the 5 sessions, being P1, P2, Free Practice, one Qualifying session, and the Sprint (always excluding warm-up), are declared wet, one more set of rain tires will be allocated to every rider, and the allocation automatically becomes: 7 Front rain tires, and 8 Rear rain tires.

**TOTAL NUMBER OF TIRES PER RACE**  
**780**
